

XTRACT

Premixture of flavouring substances

<i>Code</i>	6930								
<i>Description</i>	Pre-mixture of appetising substances obtained by Iso-Fusion technology.								
<i>Appearance</i>	Free flowing, dust-free light to dark orange powder.								
<i>Odour & taste</i>	Spicy								
<i>Composition</i>	Encapsulated micro-particles containing a standardized combination of 3 defined appetising substances: oleoresin of Capsicum (<i>Capsicum annum L./Capsicum frutescens L.</i>) together with pure nature-identical active substances naturally occurring in Oregano (<i>Origanum vulgare</i> : Carvacrol) and Cinnamon (<i>Cinnamomum spp.</i> : Cinnamaldehyde).								
<i>Physical properties</i>	<p>Bulk density : 0.52 - 0.62 g/cm³</p> <p>Particle size : ≥ 85 % 200 - 1000 µm</p> <p>Due to its special encapsulation process, XTRACT code 6930 is protected from thermal, chemical and physical damage, and handling is made easier.</p>								
<i>Legislation</i>	<p>In conformity with European feed legislations: General Food Law (178/2002), Feed Hygiene Regulation (183/2005) and Feed Additive Regulation (1831/2003) and their amendments.</p> <p>Undesirable substances (e.g. heavy metals and dioxins): in conformity with the EU directive 2002/32 and its amendments. Free from animal-derived substances and GMOs (regulations 1829/2003, 1830/2003 and their amendments).</p>								
<i>Stability</i>	24 months when stored in original packaging and kept in a cool dry place, with no direct exposure to the sun. Variations in colour are independent of its appetising and physical properties.								
<i>Use and Benefits</i>	<p>For monogastric animals: “pre-ruminants, piglets, pigs, sows, broilers, turkeys, layers” but also for aquaculture (fish and shrimp feeds)</p> <p>XTRACT code 6930 creates a particular gustatory sensation stimulating appetite and improving feed utilisation.</p>								
<i>Application method</i>	Mixing into complete feed, concentrates and premixes (those preferably based on an organic carrier).								
<i>Packaging</i>	25 kg box and recyclable plastic bag.								
<i>Application rates</i>	<table border="0"> <tr> <td>Broilers, breeder & layer feeds</td> <td>100 g/t</td> </tr> <tr> <td>Starter feeds</td> <td>100 - 300 g/t</td> </tr> <tr> <td>Grower & finisher feeds</td> <td>75 - 150 g/t</td> </tr> <tr> <td>Fish & Shrimps feeds</td> <td>200 – 300 g/t</td> </tr> </table>	Broilers, breeder & layer feeds	100 g/t	Starter feeds	100 - 300 g/t	Grower & finisher feeds	75 - 150 g/t	Fish & Shrimps feeds	200 – 300 g/t
Broilers, breeder & layer feeds	100 g/t								
Starter feeds	100 - 300 g/t								
Grower & finisher feeds	75 - 150 g/t								
Fish & Shrimps feeds	200 – 300 g/t								
<i>Safety</i>	For safety information please refer to the product safety datasheet
