

# PAN-ORANGE 418

## Orange type

Universal flavouring for all types of feed

<i>Code</i>	6418
<i>Description</i>	Flavouring premixture.  Enhances the smell and the taste of the feeds and imparts to them an attractive and persistent orange-like, fruity aroma.
<i>Appearance</i>	Free flowing pale yellow to yellow powder, dustfree.
<i>Composition</i>	Natural and nature-identical flavouring substances.
<i>Physical properties</i>	<p>Bulk density : 0.77 - 0.87 g/cm<sup>3</sup></p> <p>Granulation : 100 - 400 microns</p>
<i>Legislation</i>	<p>In conformity with European and American feed legislation.</p> <p>Free from GMO and animal products. In conformity with the directive (2002/32/CE) and its modifications (2003/57/CE and 2003/100/CE) concerning heavy metals and dioxin content.</p>
<i>Stability</i>	Maximum 18 months when stored in original packaging and kept in a cool dry place. Variations in colour are independent of its aromatic properties.
<i>Use and Benefits</i>	<p>All types of feed.</p> <p>PAN-ORANGE 418 confers to the feeds an attractive and persistent orange-like taste and improves their palatability.</p> <p>PAN-ORANGE 418 ensures a regular consumption when variation of raw materials quality or change in formulation occur. It covers the off odour of some raw materials and corrects their sensory variations.</p> <p>The attractive and persistent smell of oranges emitted by the feed adds a marketing impact to the manufacturer and is highly appreciated by the farmer.</p>
<i>Application method</i>	Mixing into feed.
<i>Packaging</i>	<p>25 kg multi-layered paper and plastic bags.</p> <p>PA/EVOH/PE plastic bags, recycling category 07.</p>
<i>Application rates</i>	<p>All types of feed 150 - 200 g/t</p> <p>Please note that application rates quoted above are very much dependent upon the raw materials used in the feed formulation.</p> <p>For specific recommendations on the products intended to be used, please contact the local Pancosma representative for further information.</p>
