

PAN Smoked bacon Spray

Universal flavouring palatant for all types of feed
to be applied with Spray-Pan[®] system

<i>Reference</i>	A70-3351
<i>Description</i>	Flavouring premixture. Enhances the odour and the taste of the feeds and imparts to them an attractive aroma of smoked bacon.
<i>Appearance</i>	Dark Brown liquid.
<i>Composition</i>	Natural and nature identical flavouring substances in solution in propylene glycol.
<i>Physical properties</i>	Solubility : Water and oil dispersible Viscosity : 37 mPa.s at 20°C Flash point >100°C (100.5°C) Density : 0,87 g/cm ³ pH : 3 - 4
<i>Legislation</i>	In conformity with European feed legislation. Free from GMO and animal products. In conformity with the directive (2002/32/CE) and its modifications. Contains: Propylene glycol E 490 (879,2g/Kg)
<i>Stability</i>	Maximum 18 months when stored in original packaging and kept in cool dry place. Variations in colour are independent of its aromatic properties.
<i>Use and Benefits</i>	All types of feed, inclusive dog and cat food. PAN Smoked bacon Spray improves the feed's palatability. The pleasant smell of smoked bacon emitted by the feed, adds a marketing impact to the manufacturer and is highly appreciated by the end user.
<i>Application method</i>	Spraying outside with Spray-Pan [®] . All Spray-Pan [®] should be supplied with the right suction and discharge valves, with Viton (PP2) 'O' ring seals; with the liquid discharge line manufactured from appropriate material. Flavours transport pipes must be chosen with suitable material to prevent risk of corrosion. Material required to be checked with a professional for flavour fluid handling devices (polyethylene, polypropylene, polytetrafluoroethylene, inox...). Adding into liquid raw materials prior to mixing into feed.
<i>Packaging</i>	25 kg drums, 180 kg drums, 1000 kg containers.
<i>Application Rates</i>	All types of feed: 500 – 1500 g/t Please note that application rates quoted above depend very much upon the raw materials used in the feed formulation. For specific recommendations on the products intended to be used, please contact the local Pancosma representative for further information.
