

## RED FRUITS - ECO

### Red fruits type

Universal flavouring for all types of feed

<i>Code</i>	6346
<i>Description</i>	<p>Flavouring premixture.</p> <p>Enhances the smell of the feeds and imparts to them an attractive aroma of red fruits.</p>
<i>Appearance</i>	Free flowing white to pale pink powder.
<i>Composition</i>	Nature-identical flavouring substances.
<i>Legislation</i>	<p>In conformity with European and American feed legislations.</p> <p>Free from GMO and animal products. In conformity with the directive (2002/32/CE) and its modifications.</p>
<i>Stability</i>	<p>Maximum 18 months when stocked in original packing and kept in a cool dry &amp; dark place. Variations in colour are independent of its aromatic properties. Close bag tightly after each use.</p>
<i>Use and Benefits</i>	<p>All types of feed. Particularly recommended for piglet feeds.</p> <p>RED FRUITS - ECO confers to the feeds an attractive smell of red fruits which is highly appreciated by the farmer and that adds a marketing impact to the feed manufacturer's product.</p>
<i>Application method</i>	Mixing into feed.
<i>Packaging</i>	<p>25-kg multi-layered paper and plastic bags.</p> <p>PA/EVOH/PE plastic bags, recycling category 07.</p>
<i>Application rates</i>	<p>Maximum 2 kg/t</p> <p>Threshold of detection in the compound feed (meal) 100 g/t</p> <p>The application rate quoted above is for your information. It depends upon the feed formulation.</p>
