

XTRACT® 6930

Functional Appetising Additive

Code	6930								
Description	Non statistical pre-mixture of appetising substances obtained by Iso-Fusion® technology.								
Appearance	Free flowing, dust-free light to dark orange powder.								
Composition	<p>Encapsulated micro-particles containing a standardized combination of 3 defined appetising substances : natural extract of hot pepper (<i>Capsicum spp</i> : Capsaicin) together with pure nature-identical active substances naturally occurring in Oregano (<i>Origanum vulgare</i> : Carvacrol) and Cinnamon (<i>Cinnamomum spp.</i> : Cinnamaldehyde).</p> <table><tr><td>Capsicum oleoresin</td><td>2 %</td></tr><tr><td>Carvacrol</td><td>5%</td></tr><tr><td>Cinnamaldehyde</td><td>3 %</td></tr><tr><td>Hydrogenated rapeseed oil</td><td>90 %</td></tr></table>	Capsicum oleoresin	2 %	Carvacrol	5%	Cinnamaldehyde	3 %	Hydrogenated rapeseed oil	90 %
Capsicum oleoresin	2 %								
Carvacrol	5%								
Cinnamaldehyde	3 %								
Hydrogenated rapeseed oil	90 %								
Physical properties	<table><tr><td>Bulk density</td><td>:</td><td>0.42 - 0.52 g/cm³</td></tr><tr><td>Particle size</td><td>:</td><td>≥ 85 % 80 - 500 µm</td></tr></table> <p>Due to its special encapsulation process, XTRACT® code 6930 is protected from thermal, chemical and physical damage, and handling is made easier.</p>	Bulk density	:	0.42 - 0.52 g/cm ³	Particle size	:	≥ 85 % 80 - 500 µm		
Bulk density	:	0.42 - 0.52 g/cm ³							
Particle size	:	≥ 85 % 80 - 500 µm							
Legislation	<p>In conformity with European feed legislation (Council Directive 70/524 EEC of 27 November 1970 (annex C, part I). Included in the list of additives authorised for an unlimited period (chapter III) as “flavouring and appetising substances”. Exempt from genetically modified organisms, animal products and in conformity with heavy metal and dioxin contents of the directive 2002/32/CE and its modifications.</p>								
Stability	<p>24 months when stored in original packaging and kept in a cool (below 35°C) dry place, with no direct exposure to the sun. Variations in colour are independent of its appetising and physical properties.</p>								
Use and Benefits	<p>For monogastric animals: “pre-ruminants, piglets, pigs, sows, broilers, turkeys, layers” but also for aquaculture (fish and shrimp feeds)</p> <p>XTRACT® code 6930 creates a particular gustatory sensation stimulating appetite and improving feed utilisation.</p>								
Application method	<p>Mixing into complete feed, concentrates and premixes (those preferably based on an organic carrier).</p>								
Packaging	<p>25 kg box and plastic bag recyclable.</p>								
Application rates	<table><tr><td>Broilers, breeder & layer feeds</td><td>100 g/t</td></tr><tr><td>Starter feeds</td><td>100 - 300 g/t</td></tr><tr><td>Grower & finisher feeds</td><td>75 - 150 g/t</td></tr><tr><td>Fish & Shrimps feeds</td><td>200 – 300 g/t</td></tr></table>	Broilers, breeder & layer feeds	100 g/t	Starter feeds	100 - 300 g/t	Grower & finisher feeds	75 - 150 g/t	Fish & Shrimps feeds	200 – 300 g/t
Broilers, breeder & layer feeds	100 g/t								
Starter feeds	100 - 300 g/t								
Grower & finisher feeds	75 - 150 g/t								
Fish & Shrimps feeds	200 – 300 g/t
