

## XTRACT®

### Functional appetising additive for dairy cow rations

<i>Code</i>	X60-6965
<i>Description</i>	Non statistical flavouring premixture obtained by Iso-Fusion™ technology.
<i>Appearance</i>	Free flowing, dust free white-beige to pink powder.
<i>Composition</i>	Encapsulated micro-particles containing a standardized combination of 2 defined appetising substances : pure nature-identical active substances naturally occurring in Clove bud ( <i>Eugenia caryophyllata</i> : eugenol) and Cinnamon ( <i>Cinnamomum spp.</i> : cinnamaldehyde)
<i>Physical properties</i>	<p>Bulk density : 0.52 – 0.62 g/cm<sup>3</sup>  Granulation &gt; 85% : 200 – 1000 microns.</p> <p>Due to its special encapsulation process, XTRACT®, code X60-6965 is protected from thermal, chemical and physical damage, and handling is made easier.</p>
<i>Legislation</i>	<p>In conformity with European feed legislation (Council Directive 70/524 EEC of 27 November 1970 (annex C, part I). Included in the list of additives authorised for an unlimited period (chapter III) as “flavouring and appetising substances”.</p> <p>Exempt from genetically modified organisms, animal products and in conformity with heavy metal and dioxin contents of the directive 2002/32/CE and its modifications 2003/57/CE and 2003/100/CE.</p>
<i>Stability</i>	18 months when stored in original packaging and kept in a cool (below 35°C) dry place, with no direct exposure to the sun. Variation in colour are independent of its aromatic and physical properties.
<i>Use and Benefits</i>	<p>For cows.</p> <p>XTRACT® confers a spicy taste to the feeds, creating a particular gustatory sensation stimulating appetite and improved feed utilisation.</p>
<i>Application method</i>	Mixing into complete feed, concentrates and premixes (those preferably based on an organic carrier).
<i>Packaging</i>	25 kg box and plastic bag recyclable.
<i>Feeding rates</i>	Complete feed for cows 1000-1600 mg / animal / day
